Ceramica Italiana

Small bowl
Vaso piccolo

Wide range of control panels
Ampia scelta di comandi

Improved 2nd Generation System
La seconda generazione: un passo avanti

Elegance 2G Cut / Cut short

The Elegance 2G is the 'small bowl' design of the Flexi line. To optimize the space in your bathroom with an angled back wall and keep the same design as everywhere on board, the Elegance 2G Cut and the Short version were designed. This is the perfect solution to adapt the toilet to the hull flare. To optimize the layout there is also a short version available to install on a step, the Elegance 2G Cut Short.

The Elegance 2G Cut and Elegance 2G Cut Short are also equipped with the new second Generation System Improvements to give you the best your yacht deserves.

Also on board of: Azimut / CNB / Sunseeker.

Elegance 2G Cut / Cut short

Elegance 2G è il modello a vaso piccolo della Flexi Line. Le versioni Elegance 2G Cut e Short permettono di sfruttare al massimo lo spazio in bagno contro pareti angolate, conservando lo stesso stile degli altri sanitari a bordo. Questa è la soluzione che adatta perfettamente la toilette al profilo svasato della chiglia. Per ottimizzare la configurazione in casi particolari è disponibile la versione ridotta a gradino Elegance 2G Cut Short.

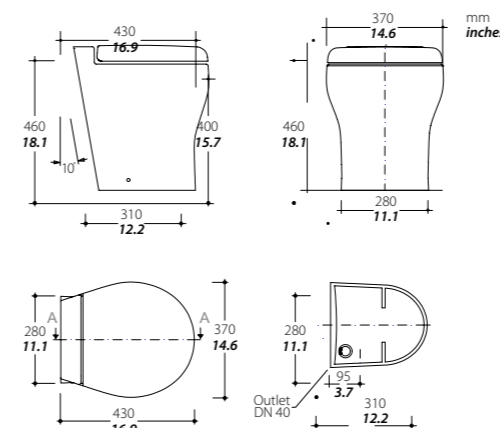

Le versioni Elegance 2G Cut e Elegance 2G Cut Short hanno anch'esse le migliorie della seconda generazione che danno un ulteriore tocco di classe alla barca.

Also on board of: Azimut / CNB / Sunseeker.
